ID CARDS

ID Cards are the foundation of your security system. In many ways they are carried and displayed by every member of your organization, they will also be seen by persons in the community, by customers, suppliers and others. ID's are like our corporate letter heads or business cards, they carry your image to the outside world.

We use your colors and your logo to custom design your cards, keeping in mind the functionality of the cards.

Datacard Printing Systems (DPS)

This state of the art Datacard Photo Identification System provides a superior ID card production system. DPS provides the flexibility and cost savings related to producing your own cards.

Other Benefits of DPS include:

- ◆ **Design your own card - to meet your specific need**
- ◆ **Print and update at will/on demand, in any quantity**
- ◆ **Full control of your card stock and production**
- ◆ **Access to on-line support and training directly from Datacard**
- ◆ **Supplies and consumables can be acquired locally (Omni)**
